

# Important Announcement:

## Change of Date Expo Licencias y Marcas

After constant communication between the World Trade Center and “Expo Licencias y Marcas”, we inform that the venue is in adequate conditions to operate safely, however, the correct realization of a commercial exhibition requires the approval of the Benito Juarez Delegation, Mexico City.

So far the official permits of the Delegation are not available, since the priority of revisions are homes and schools.

For these reasons, the decision has been taken to reschedule the event, “Expo Licencias y Marcas”, on **Tuesday October 24th and Wednesday October 25th, 2017**, dates that the WTC has offered us.

We believe that this change is for the success of the event, but also for the tranquility of our visitors, exhibitors and speakers in an appropriate environment for the development of the Brand Licensing Business.
